THE REDMEN.

A Delightful Meeting Held in Their Wigwam Last Night.

There was a good attendance at the Wigwam of Wyandotte Tribe No. 3 last night, the members being called together to meet the Great Sachem, W. C. Diederich, of Ashland.

During the Great Sachem's Long Talk he explained the progress the Order has made during his administration.

Fourteen new Tribes, with a membership of 900, have been instituted since last May, making a total membership in the state a little over 2,400.

The members of the different Tribes in the state are working harmoniously together and the prospects of a further increase is very flattering.

After the Great Sachem had greeted the brothers and a few remarks appropriate to the occasion had been made by a number of brothers, the Council fire was quenched, when refreshments and cigars were served.

At the next meeting of Wyandotte (Thursday night) a paleface will be adopted and all the members are requested to be present.

WISHING.

Do you wish the world were better?
Let me tell you what to do.
Set a watch upon your actions,
Keep them always straight and true.
Rid your mind of selfish motives,
Let your thoughts be clean and high,
You can make a little Eden
Of the sphere you occupy.

Do you wish the world were wiser?
Well, suppose you make a start
By accumulating wisdom
In the scrap-book of your heart.
Do not waste one page on folly;
Live to learn, and learn to live
If you want to give men knowledge
You must get it ere you give.

Do you wish the world were happy?
Then remember day by day
Just to scatter seeds of kindness
As you pass along the way.
For the pleasure of the many
May be oft-times traced to one,
As the hand that plants an acorn,
Shelters armies from the sun.

NARROW ESCAPE.

The Great Hall Plow Works Suffers Severe Loss From Fire.

The alarm just before 6 o'clock last evening was caused by fire at the James H. Hall Plow Company's extensive plant in the Fifth Ward.

Flames were first discovered in the apartment over the boilers, from which they spread to the rooms occupied by the wood-workers.

How they started is not known.

These rooms are in one end of a long two-story building, separated by an open passage from the main buildings, and also separated by a brick wall from the balance of the long building, and the fire was, fortunately, confined to these rooms.

The watchman had just left the building, and Mr. Sam M. Hall had started home, when in passing the corner of Second and Lexington he discovered the fire.

The damage to building, machinery and stock will be from $3,000 to $4,000, on which there is no insurance; but as this is the Company's busiest season, and as large and pressing orders are on hand the delay occasioned will entail further loss.

It was indeed a fortunate escape, for this is the one big industry of Maysville, several hundred persons depending upon it for support.

Best Can and Bulk Oysters daily and in any quantity at John O'Keefe's.

At the nineteenth annual State Convention of the Young Men's Christian Associations of Kentucky, to be held at Covington February 15th to 18th, Mr. Robert A. THE LEDGER LEADS.

What Others Say of Our Big Tobacco Fair Trade-Edition.

In addition to the many personal compliments paid to THE LEDGER'S Tobacco Fair Edition by home people, "there are others," of which these are samples:

Cynthiana Democrat.

THE MAYSVILLE LEDGER issued a handsome double-size trade edition Thursday on account of the Tobacco Fair. THE LEDGER is a hustler.

Here's what one of the most successful business men and printers of the Queen City has to say:

CINCINNATI, Jan. 20, 1900.

Thomas A. Davis—My Dear Thomas:

Until I found the rain coming in full this morning I fully expected to see you and other friends and your "Big Tobacco Show," listen to music and address, and have a general good time in "Old Maysville" today; also to tell how much I appreciate and value the contents of your immense edition of THE PUBLIC LEDGER issued on the 18th inst. Thomas, it is a big thing indeed, and you deserve the special thanks of every Mason county citizen and subscriber wherever he be "dispersed" and dispensed. Only a "printer" and "writer-up" can understand the vast amount of labor and brains necessary for such production. I congratulate you and hope your advertisers, subscribers and citizens will always encourage your ventures numerically and financially largely. Very truly yours,
W. B. CARPENTER.

"A POOR RELATION."

Sol Smith Russell's Play Will Be at Opera-House Monday.

The unanimously expressed desire on the part of the smaller cities of the country to see Sol Smith Russell's great play, "A Poor Relation," is about to be realized, for Manager Fred G. Berger has arranged for a route taking in most of them. After Mr. Russell's enforced retirement from the stage, owing to his illness, Mr. Berger re-engaged his supporting company and with the clever young actor, Frank J. Keenan, playing the part of Noah Vale, "A Poor Relation" will be seen Monday night at the Opera-house. This play and the character in which Mr. Keenan appears have already secured the hearty indorsement of the playgoing public through the United States, and it is therefore no surprise to hear that Mr. Keenan is meeting with a perfect ovation wherever he has been seen so far this season. "A Poor Relation" is one of the prettiest pieces of dramatic work now on the stage; the humor is delicate but irresistible; the pathos is effective, but never overdone. There is no tendency to overload the play with climaxes, but its points are made vigorously and tastefully.

Consumption Threatened.

C. Unger, 213 Maple street, Champaign, Ill., writes: "I was troubled with a hacking cough for a year and I thought I had the consumption. I tried a great many remedies and was under the care of physicians for several months. I used one bottle of Foley's Honey and Tar and it cured me, and I have not been troubled since." J. Jas. Wood & Son and Armstrong & Co.

The sixth annual banquet given by the Rev. E. L. Powell, Pastor of the First Christian Church at Louisville, will be held Thursday night. The banquet is given to the male members of the congregation and to invited guests. About 400 will be present.

Save doctors' bills by giving Foley's Honey of Tar to infants and children in time to prevent pneumonia or croup, which are fatal to so many thousands of children. J. Jas. Wood & Son and Armstrong & Co.

RIVER NEWS.

The Avalon goes to Pomeroy tonight.

The Speedwell will he up tonight for Portsmouth.

The Henry M. Stanley was up last night for Pomeroy.

The Lizzie Bay will pass down tonight from Pomeroy.

The Henry DeBus passed up with a tow of cinders for Ashland.

The Virginia passed down early this morning from Pittsburgh with a big trip. She will return tonight.

There is all kinds of water at Pittsburgh, while the Big Sandy and other tributaries are putting out in great shape.

The Bonanza struck the bank above Cincinnati Friday night, smashing in her bow. She is now on the Marine Ways for repairs.

It is estimated that close to 10,000,000 bushels of coal have left Pittsburgh within two weeks, and since the first rise almost 25,000,000 bushels have been started South.

The Hudson, which has been drying out on the Marine Ways for several weeks, was let into the water to make room for the Bonanza. She is now in the pink of condition.

The Sam Brown, Dave Wood, Sam Clarke, Tom Lysle, Smoky City, Jim Wood, J. C. Risher, Nellie Walton, Acorn, Joe B. Williams, George Shiras, Belle McGowan and Cruiser will pass down today with Pittsburgh coal.

The Consolidated Company has issued orders to the various operators of boats included in the combination that no towboats be sent from Pittsburgh to Cincinnati and Louisville that have less than 18-inch cylinders. The withdrawal of this class of boats is causing some talk among boatmen. Only boats of large power will be operated in the Southern trades until further notice. This may cause a number of steamboats to be withdrawn.

A movement is on foot among leading merchants of the Kanawha Valley looking to the organization of a company to operate an independent packet in the trade from which the Avalon was withdrawn to go under charter in the White Collar Line. A representative of the movement said: "There is little doubt that a boat will be put in the Avalon's place, but only between Cincinnati and Montgomery, near the headwaters of the Kanawha. There is a good deal of disappointment expressed by shippers all the way down to Louisville over the way Captain Cramer treated them. I saw a letter from a shipper at Milton, Ky., addressed to a representative of the Avalon, asking when that boat would be back, or if any steps had been taken to protect the men who had been shipping on her. He declared that they had been left with their fingers in their mouth, and quoted a letter received from the Manager of the Mail Line, saying that while the opposition boat was running they had been carrying tobacco at 75 cents and $1 a hogshead, but that now the rate would be $1 50. The people along the Kanawha river are left in the same fix, and, rather than submit to the new conditions, will undertake to put another boat in the trade. They will not attempt to go through to Louisville, as the trip is a little long. Instead, more time will be allowed up the Kanawha river."

Coughs and colds come uninvited, but you can quickly get rid of them with a few doses of Consumption's Honey of Tar. Prices 25 and 50 cents. J. Jas. Wood & Son.

DENIES THE STORY.

Mr. Gaines Clayton's Statement of His Reported Marriage.

THE LEDGER is asked to publish this statement from Mr. Gaines Clayton because of unsought newspaper notoriety growing out of affairs over which he has no control and which prominence has given him a standing before his friends here at home and for whose regard he cares, and to give his side of affairs which is wholly at variance with the various reports coming from Portsmouth.

Mr. Clayton was employed by Mr. Lauter, a tinware dealer at 215 West Market street, that city, for thirteen months. His work was acceptable and his conduct exemplary.

The daughter of the employer, Miss Lauter, many times came to the store to keep the books.

There she met Gaines Clayton and because of her pleasant ways he escorted her to several places of amusement and called whenever she had company.

There was no courting on the part of either and no words of love nor affectionate epistles passed between them.

Mr. Clayton left Portsmouth and went to Carlisle to work. Shortly after arriving there he received several letters, which he answered in tones of friendship and persiflage, and to his utter astonishment the next letter bore him all arrangements for the nuptials, together with the day named.

The next Sunday Gaines went to Portsmouth to tell the young lady he was in no position to marry and under no circumstances could he marry her. So far as he was concerned this ended matters, and he went back to his work at Carlisle.

Now the papers state he did not marry the girl because of having a wife.

Gaines wishes THE LEDGER to state positively he has no wife and moreover was never married and the papers publishing these libels must cease or legal powers will compel them.

THERE is an occasional ray of hope that there are enough honest Democrats in the Legislature to prevent the wholesale steal planned by GORBEL, POYNTZ & Co., the political wreckers. By the decisive vote of 78 to 14 the House adopted a resolution to grant additional time to both sides to hear evidence in the contest cases for Governor and Lieutenant-Governor. The resolution was introduced by the Hon. EMMETT ORR, an anti-Goebel Democrat, and as might have been expected the Goebel gang fought it from the start.

Return to Reason.

During the discussion Mr. CANTRILL, a Scott county Goebelister, made a slurring reference to Mr. ORR's Democracy, when the latter declared that CANTRILL questioned him because he voted against the Goebel Law. "I voted against it, and I thank God I did," shouted ORR, and a roar of applause swept over the hall.

At another point the Hon. V. H. BAIRD, a lawyer of Glasgow and an out-and-out Goebelite, speaking as a member of the Contest Committee, asked that the Orr resolution be adopted. "I am a Democrat," said BAIRD, "but under God I will do my duty on that Board regardless of what party is benefited." He made a magnificent appeal for justice, and asked for more time.

These are some of the indications that members of the Legislature have read the signs correctly and are beginning to realize the seriousness of the situation.

Add to them the fact that 27 Democrats broke away from the Goebel gang and voted for Mr. ORR's resolution, and it begins to look like a return to reason.

SHOULD CHRIST come to Frankfort, what would he do?—*Breckinridge News.*

If he chanced to see GOEBEL'S face he'd get a gun.

MISTER BRYAN has declared that he will be eternally dadgasted if he abandons the Chicago platform and its Free-silver plank. That's right, WILLIE; stick to your little rattle.

THE Democratic Legislature of Maryland has adopted a resolution absolutely refusing to recognize the Hon. WILLIAM JENNINGS BRYAN as the leader of the Democratic party.

CUBA last year paid into Uncle Sam's Treasury the neat sum of $15,217,497.42, of which over $14,000,000 were for customs. So our "new possessions" are not altogether an expense.

REPRESENTATIVE MONEY of Fleming county has introduced in the Legislature a bill to gerrymander this Senatorial District. He wants Lewis county lopped off and Fleming tacked on. This would give the Democrats another State Senator; and party politics seems about the size of Mr. MONEY'S Legislative capacity. The good of the people doesn't cut any ice.

Representative Pugh has introduced a bill to restore to the pension rolls the name of Penelope Morton, Company C, Twenty-second Kentucky Infantry. The bill provides that Mr. Morton receive $17 per month pension.

VANITY FAIR.

To hit the foibles and fads of the day, to touch with pungent satire and laughable jokes, as well as to brighten with music and song, has been the purpose of the author of "Vanity Fair," Il Ill's newest travesty. For this very happy purpose unusual attention was given to the artistic material comprising the company, who number thirty people, whose various special acts have been warmly commended everywhere they have appeared this season. "Vanity Fair" is due here at the Washington Opera house on Thursday, January 25th.

KENTUCKY FLASHES.

NO NEED OF TROOPS.

Police Force of Louisville Defends Itself Before the Gubernatorial Investigation Committee.

Frankfort, Ky., Jan. 23.—The police force of Louisville, through four of its officers, defended itself vigorously against the charges of interference at the November elections which have been brought against the republicans.

Capt. Krukel, Lieut. Wickham, Capt. Wright and Lieut. Ridge were the officers and all gave practically the same evidence. They declared that orders were issued before election to the members of the police force to interfere in no way with the election, and that the orders were carried out in good faith. There was, they declared, no reason why the militia should have been called out by Gov. Bradley and no particular reason why any extra policemen should have been sworn in, as there was no disturbance at any time on election day.

Each of the four officers declared that in his individual opinion the presence of the militia in the armory deterred many people from going to the polls. On cross-examination all of them declared that they did not know the name of any person who was so deterred.

THE BUYERS' GUIDE.

ATTENTION,

Tobacco Growers!

It is a fact that a Tobacco Transplanter will pay for itself in one year on four and one-quarter acres of tobacco.

Tobacco Growers.....

OF THE

White Burley District!

Who have experimented with both hand and machine planting are agreed upon this point. REMEMBER that when set by hand the tobacco plant stands still about three days, then it goes backwards about two weeks and then it begins to thrive and grow, *provided the weather is seasonable.* When set out by a good transplanting machine the tobacco plant thrives and grows from the very moment it is set out, because a large furrow is made into which is dumped a quart of water around the roots of the plant and then dry dirt is gathered up and pressed around the stalk. This prevents ground baking and withering plants. They thrive and grow from the moment they enter the ground—gives you a good stand and an early crop. Prepare ground properly, set your crop with a good transplanting machine and you need fear no frost, for your crop will be earlier than the earliest frosts. *Tobacco Growers of the White Burley District* who have experimented with different kinds of transplanting machines have all agreed that the

Nagley is the Best Transplanter Made

I have fifty-seven (57) written signed testimonials from farmers stating that such is the case. I ask you as an especial favor to call at our store and examine this wonderful machine and read these fifty-seven (57) testimonials. Here is one of them from a man that you all know—a big tobacco raiser and one who always gets the top of the market:

"MAYSVILLE, KY., June 30th, 1896.

"This is to certify that I have seen and worked the Remis, Tiger and Nagley Transplanters, and can cheerfully say that the Nagley will work better and handle easier in all kinds and conditions of ground than either of the others. The Nagley will turn in give (5) feet less of space than any other machine made. The valve on the Nagley is perfect, always works, never gets out of fix. The plants thrive from the minute they are set out, the best stand of plants I ever saw. My neighbors are all wild over the work of the Nagley. I would not trade my Nagley for a barn and full of Tiger and Remis Machines. Signed, Thos. KIMEL."

This is only a sample of what they all say. Call and read the rest of our testimonials. THE PRICE FIGHTER, JOHN I. WINTER, has put them within the reach of even the poorest tenant. He will buy you the best Tobacco Setter made if you go to the right place to buy it. Tobacco growers, investigate this matter, visit all dealers in all towns and when you learn that their Trust Combination price is $45 then The Price Fighter will put the same machine you want for $35. I, John I. Winter, The Price Fighter, of sound mind, do hereby obligate myself to sell you the Best Tobacco Transplanter on earth for $45 cash or bankable note.

All I ask is a chance to show you what I have.

The Vulcan!

The Vulcan Chilled Plow is absolutely the strongest, best-made, easiest-handled and prettiest plowing plow that you ever had your hands on! That is a rather strong statement but I mean just what I say. You stop your wagon in front of my store. I will put a Vulcan plow on it; you put this plow in dirt and *if you agree with me* it is your plow; if you don't find it to be the best plow that you ever used *bring it back* and I will refund every cent of your money. Is that fair? I think so.

The Black Hawk Corn Planter!

Touched the heart of Mason county farmers last year! They will all want Black Hawk planters this year because the Black Hawk has no brush to wear out but has a metal shut-off that drops one grain of corn at a time. The Black Hawk is guaranteed to feed accurately 95% of a mixture of fourteen kinds of corn. *The size or shape of the grain does not affect* the accuracy of the Black Hawk.

Bell Center Cut Disc Harrow is King of Mason! Call and examine that wonderful Disc Harrow with 13 Discs—seven in one gang and six in the other—that leaves up the furrow and cuts out the center in one trip. Do two days work in one. Take out all of the center the first run. It's wonderful but true. Come and see and be convinced.

It is a positive, absolute fact, long since conceded by all, that we carry the biggest and best stock of Furniture in the White Burley District and sell it all cheaper than anyone else on earth. To say that our price upon Furniture is the lowest price on earth is a broad and sweeping statement, but we stand prepared to back it up. We never indulge in any advertising dodges, catches or baits. We have a price lower than anyone else on earth; we ask you that price and stand pat.

One Price to.....

.....All for Cash!

And that the lowest on earth. I mean just exactly what I say. Try me and see how many round, plump, luscious dollars I will save you. Look—

A Large Oak Bedroom Set for	12.90

And everything else made out of wood, iron or steel for less money than anyone else.

In conclusion, I will say that I have been in your midst two years and that I have fulfilled every promise made to you. I promised to save you thousands of dollars by selling you everything at a cut price. Have I not done so? They told you that I would remain only a few months. They told you that no man could exist and sell goods as low as I did. I told you I could sell enough of 'em. I sold enough of them to exist, and I am still here, having bigger and better bargains for you every day. I will always do my part if you will do yours. Your part is to always call and get my prices before you buy. Do this and I will save you dollars. I am your friend,

Mr. Turner was given close attention by his colleagues.

JAMES DELANTY, M. W.
R. H. Wallace, Recorder.

The annual report of the State Board of Penitentiary Commissioners shows that on November 30th, 1896, there were 1,199 convicts in the State Prisons. A comparison of the reports of 1888 and 1869 shows that in 1888 there were received from Sheriffs 671 prisoners, and in 1896 there were received 501 from Sheriffs, making a difference of 170 in the receipts in the two years. On the 30th day of November, 1888, there were 1,352 in confinement, and on the 30th day of November, 1896, there were 1,199, making a difference of 153; less 41 boys sent to the State Reform School at Lexington, leaving a difference of 112.

At Cincinnati Attorney A. J. Marsh has filed suit against H. H. Hoffman, Lee H. Brooks and Henry Feltman of the Cincinnati Leaf Tobacco Warehouse Company. The three men were President, Vice-President and Treasurer of the Company from 1894 on to 1898 and as such officials and members of the Executive Board of six had almost exclusive control of the business. Marsh claims that earnings of the corporation from 1894 to 1899 were not sufficient to pay dividends called for by the charter, and that the defendants consnmed prohably $250,000 of the capital stock in dividends to stockholders. Hence judgment is asked for the amount against Hoffman, Brooks and Feltman in favor of the 600 or 700 stockholders of the concern, who are scattered all over the country.

WHAT A WHOPPER!

About the Wealth and the Woes of the Haughty Editor.

Cohoctou (N. Y.) Times.

"It takes money to run a newspaper."—*St. John (Kas.) News.*

What an exaggeration! what a whopper! It has been disproved a thonsand times; it is a case of airy fancy. It doesn't take money to run a newspaper. It can run without money. It is not a business venture. It is a charitable institution, a begging concern, a highway robber. A newspaper is the child of the air, a creature of a dream. It can go on and on, and any other concern would be in the hands of a receiver and wound up, with cobwebs in the windows. It takes wind to run a newspaper; it takes gall to run a newspaper. It takes a scintillating, acrobatic imagination and a half dozen white shirts and a railroad pass to rnn a newspaper. But who ever needed money to conduct a newspaper? Kind words are the medium of exchange that do the business for the Editor—kind words and Church sociable tickets! When you see an Editor with money watch him. He'll be paying his bill and disgracing his profession. Never give money to an Editor. Make him trade it out. He likes to swap!

Then when you die, after having stood around for years and sneered the Editor and his little Jim Crow up, be sure and have your wife send in for three extra copies by one of your weeping children, and when she reads the generous, touching notice about you, forewarn her to neglect to send 15 cents to the Editor. It would overwhelm him. Money is a corrupting thing. The Editor knows it; what he wants is your heartfelt thanks. Then he can thank the printers and they can thank their grocers!

Take your job work to another job office, and then come and ask for free Church notices. Get your lodge letterheads and stationery printed out of town, and then flood the Editor with beautiful thoughts in resolutions of respect and cards of thanks. They make such spicy reading, and when you pick it up filled with these glowing and vivid mortuary articles, you are so proud of your local paper!

But money—scorn the filthy thing. Don't let the pure, innocent Editor know anything about it. Keep that for sordid tradespeople who charge for their wares. The Editor gives his bounty away. The Lord loves a cheerful giver! He'll take care of the Editor. He has a charter from the state to act as doormat for the company. He will get the paper out somehow; and whoop it up for you when you run for office, and lie about your pigeon-toed daughter's tacky wedding, and blow about your big-footed sons when they get a 6 in a week job, and weep over your shriveled soul when it is released from its miserable hnik, and smile at your giddy wife's second marriage. Don't worry about the Editor—he'll get on. The Lord knows how—but somehow.

Beware of Ointments For Catarrh That Contain Mercury,

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and is made in Toledo, O., by F. J. Cheney & Co. Testimonials free.

August Flower.

"It is a surprising fact," says Prof. Hostan "that in my travels in all parts of the world for the last ten years, I have met more people having used Green's August Flower than any other remedy, for dyspepsia, deranged liver and stomach, and for constipation. I find for tourists and salesmen, or for persons filling office positions, where headaches and general bad feelings from irregular habits exist, that Green's August Flower is a grand remedy. It does not injure the system by frequent use, and is excellent for sour stomache and indigestion." Sample bottles free at J. C. Peer's Drugstore. Sold by all dealers in all civilized countries.
